

I completely believe in freedom of speech. It is, to me, the single greatest right we have as Americans, but Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a blatant abuse of the public airwaves and a breach of the laws that give our candidates equal time to voice their opinions or counter an attack made against them. I wouldn't feel this strongly if what Sinclair was airing was a program that was a positive look at President Bush, but to present an "attack" on the other candidate in order to influence peoples vote, especially this close to an election is just plain wrong. I strong encourage you to do the right thing in stopping this abuse of our free public airwaves. Either air counter programming immediately before or after this program or put a stop to this abuse of the airwaves.

Thank you.
